A Vision for Immaculate Conception: Intentional Offering

Thank you for your openness during this month as I have talked about our current finances. I am writing this week about my future vision for our parish. I would like to show you areas of growth and need here at Immaculate Conception. While we have updated and repaired our campus the past five years now, there is still more to do.

Areas of Growth for our Parish

+ Teen Ministry

We have had a wonderful response to our newly launched Teen Club program. With nearly 50 of our children registered, **I would like to invest in our volunteer-leaders to better help them run and organize the program.**

+ Family Formation and Sacramental Formation

I believe in Catholic education and I am proud of the work our school and religious education program does in its role to form our children. I have found in my experience as a priest, however, that Catholic education is incomplete if parents do not have an active role in the faith of their children. **Formation primarily takes place in the home – it is within our homes where we form our values, priorities, and habits.**

To that end, I want to expand how we work with families, as I strongly believe that family formation is a path of greater success. **This new program**, which I hope to implement in 2025 or 2026, **would require a staffed position to assist me (and a potential associate) to work together with clusters of families on a readiness-based level of sacramental preparation.**

+ Leadership Pipelines

Our Alpha program **encourages openness to conversations necessary for leadership. It is the primary tool I use when selecting leaders for new ministries here at our parish.**

Many of our lectors, eucharistic ministers, ushers, ministers of care, leaders of our Teen Club, and those who help organize service projects are Alpha alumni. By working together with them through Alpha, I am able to build a relationship with them and share my vision on a more personal basis. In this way, I can entrust more responsibility and leadership roles to them.

While leadership is one goal, the primary goal is engagement with others and strengthening bonds in our community through a relationship with God and friendship with one another. I plan to support this program further as we look to expand our offerings for prayer groups, parish retreats, parish service projects, and continue to seek new ways to engage our children during the school week and our weekend Masses.

(Continued on page 4...)

Areas of Need for our Campus

+ HVAC Systems

Our Heating and Cooling systems on our campus are aging to the point where repairs are becoming cumbersome. Some of our systems in our church are 60 years old, while our school's systems are over 30 years old. While we have done our best to fix our heating and cooling, the system we have in place is inefficient, albeit functional. **We would still approach this project with potential fundraising so as not to significantly impair savings or the school endowment.**

+ Rectory Assembly

The Rectory Assembly is a space that we upgraded a few years ago in order to emphasize leadership and ministry. In recent years, it has been utilized more than ever, hosting our hospitality offerings (Coffee House & New Parishioner Breakfasts) as well as varied leadership & faith formation events and service projects for The Port Ministries. Our RA now also serves as the primary meeting space for our Alpha & Connect programs, Parish & Finance Councils, School Board, Parents Club, Teen Club, and Bible Study Group.

With the increased use, I believe it is time to upgrade our other outdated facilities there: namely, the kitchen and our bathrooms. Doing so, will allow us to better host and carry out our ministries in service to our community.

+ Security

Security is an ever-growing concern. We are looking to improve our campus with camera coverage and additional lighting in our parking lot to help prevent damage, theft, or any other issues.

+ Energy Efficiency

One of the major costs associated with our campus is heating, cooling, and electricity. I would like to explore ways, outside of new equipment, to improve the efficiency of our campus while also reducing one of our most prominent expenses.

Ministerial Needs of our Parish

One of the biggest areas of need and growth for our parish is an additional priest. I have endeavored to look for a candidate who not only helps with sacramental work, but can also assist me in leadership roles with our expanding ministries. In order to do so, I want to make sure the financial future of our parish is secure and growing because I believe the right person will really help our parish to grow more quickly. Having an additional priest on staff can help invest in leaders, but also build relationships with the wider parish community. I thank you for your continued support towards this important goal.

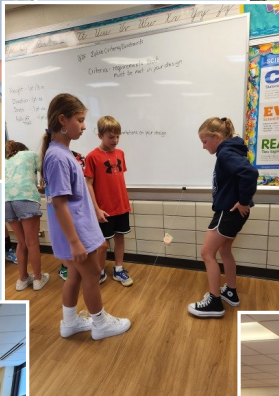

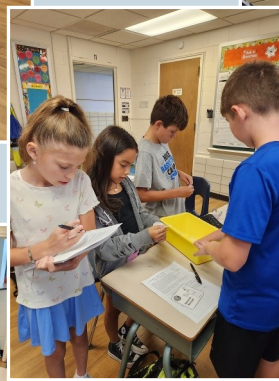

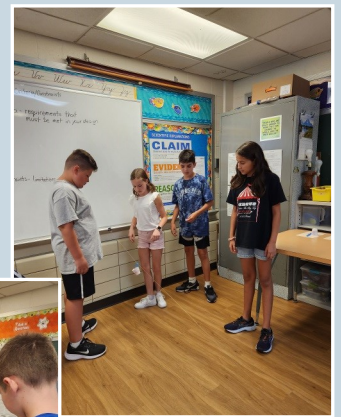

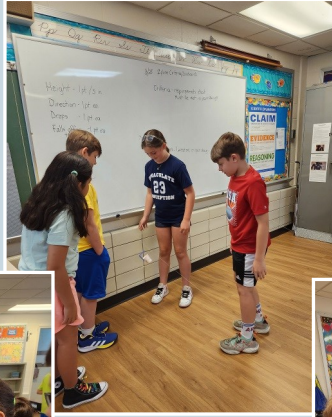

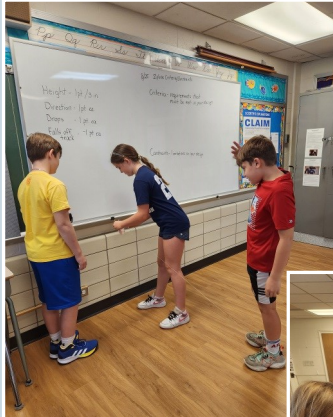

Next week, I will write more specifically about the numbers I think will help us get to a position of growth, as well as acknowledge current trends that we see.

- Fr. Matt

Fourth and Fifth Grade Engineers with Mrs. Jarosz

Fourth and fifth grade science classes include an introduction to engineering. In addition to becoming familiar with the engineering design process and vocabulary, students practice working in cooperative groups to design a solution to a problem, build a prototype, and test their designs. Our fifth graders were challenged to design a vehicle that could carry a ping-pong ball down a zip line in three seconds or less, while meeting all the criteria and adhering to limitations. Our fourth graders used a familiar childhood toy, Blocks and Marbles, to create a marble run. Teams received points for height, the number of drops, and the number of direction changes. More challenges will be introduced throughout the year.

This Weekend @ IC: Special Second Collection

Embrace the Universal Church with "Hearts on Fire, Feet on the Move" this World Mission Sunday! Today, Pope Francis encourages us to reignite the fire of our faith and to go forth sharing that faith with others. As we gather on World Mission Sunday, like Catholics around the globe, we are reminded that everyone has a right to receive the Gospel. Our prayers this day and our contributions to the Society for the Propagation of the Faith foster global missionary cooperation, enabling:

- Over 844,000 catechists to share the faith.
- 258,540 Religious Sisters to tend to families and children.
- 38,140 seminarians to journey towards the priesthood.
- Education for 26 million children.
- Medical assistance in 12,000 clinics.
- Comfort in 8,750 homes for the orphaned and elderly.

By offering our prayers and sacrifices we participate in the missionary movement of the Universal Church. Thank you for setting out with your own burning hearts and feet in motion!

Hearts on Fire, feet on the move (cf. Lk 24:13-35)
Let us all contribute to the missionary movement of the Catholic Church with our prayers and activities, material offerings and our personal witness. The collection taken this day provides critical support to over 1,100 dioceses and territories experiencing extreme poverty and turmoil. We accompany these local churches as they seek to proclaim the Gospel and celebrate the Sacraments in hope. For more information and to donate online, please visit WeAreMissionary.org/wms.

Respect Life Month

"The Gospel of Life is at the heart of Jesus's message. Lovingly received day after day by the Church, it is to be preached with dauntless fidelity as 'good news' to the people of every age and culture."

This is the opening statement of *Evangelium Vitae*, issued by Pope John Paul II nearly 30 years ago. In today's culture of violence towards the weak and vulnerable, proclaiming the messages in this encyclical are more critical than ever.

Please consider reviewing at least the **Introduction** to this Gospel of Life: vatican.va/content/john-paul-ii/encyclicals
It is a simple and clear declaration of our duty as followers of Jesus Christ.

"... in the name of God: respect, protect, love and serve life, every human life!"
